Name of Applicant _____

Requirements:

- 5 labeled slides or 5 high quality digital images on a CD of artwork from the past year accompanied by a list of details for each slide (see below)
- 1 paragraph statement of career intentions.

INFORMATION FOR VISUAL ARTS APPLICANTS: SLIDE DOCUMENTATION OF YOUR ARTWORK

Here are some suggestions for documenting your work in slides or in digital images:

- If possible, use a film or digital SLR 35 mm camera, preferably one with manual settings. If you have a tripod, attach your camera to it in order to reduce camera shake.
- Use tungsten slide film with tungsten/incandescent lights or daylight slide film in natural lighting situations (ie: window light or outside) **OR** adjust the white balance on your digital camera so the colour of your artwork looks natural.
- Use a neutral (black, grey, white) background to put your artwork on.
- Avoid glare or reflected light. Remove artwork from frames to avoid glare from glass. **TURN THE FLASH OFF.**
- Try to fill the camera frame with your artwork. Don't shoot from too far away.
- Preview your slides with a projector or on a computer to make sure there are no blemishes.
- Make sure you number your slides and put your first and last name on each one.
- Make a list to accompany slides that lists:
 - The number of each slide
 - Title
 - Date finished
 - Material or media
 - Dimensions
- If you need help see your art teacher.
